The Janesville Daily Gazette.

VOLUME XLV. JANESVILLE, WISCONSIN, TUESDAY, AUGUST 13, 1901 NUMBER 131

STRIKE OF BOYS AT M'KEESPORT

Incident of Steel Strike That Pleases the Labor Officials.

RANKS NOT SPLIT

It Is Estimated That There Are Now Seventy Thousand Union Men Idle.

DOCK STRIKE SPREAD

Pittsburg, Aug. 13—The attention of the steel strike leaders today was centered upon McKeesport and Cleveland. The strike of the boys at McKeesport was especially gratifying to the Amalgamated officials and they say the situation there is decidedly in their favor. Schaffer was rather disappointed, however, on receiving word from the Federal steel men, still he expressed himself as hopeful of results, but further than this refused to talk. "The report that we are fearful of defeat," he declared, "is simply absurd."

The call for financial aid is meeting with gratifying results. The statement this morning that there had been a split in the ranks of the Amalgamated and that the conservatives were seeking a settlement of the strike, regardless of Schaffer, is denied.

Tin Plate Mill Starts Up.

Cleveland, Aug. 13—The Crescent tin plate branch of the steel trust succeeded in starting one of its mills this morning.

McKeesport, Aug 13—Only a small portion of the plant of the National Tube company is in operation today. A large number of boys employed there have joined the strikers.

Water Front Strike Spreading.

San Francisco, Aug. 13—The Water Front strike continues to spread, 250 marine painter went out this morning. Few vessels are able to leave port. The coal supply is steadily lessening. The harbor is full of colliers, but they are unable to unload. Many Vancouver mines are closed down on account of the strike. The coast towns are beginning to suffer. The Retail Merchants' association has adopted resolutions demanding that the employers' association end the strike.

SEVENTY THOUSAND ARE OUT.

Number of Men Idle Under Shaffer's Order Are Growing.

Pittsburg, Pa., Aug. 13.—The Amalgamated strike is now on as far as it is likely to go, and for the first time there is opportunity to determine the exact number of men idle under the two orders of Shaffer, the first of July 12, the last of August 10. The number of men now out in all affected departments of the United States Steel corporation does not exceed 70,000. Officials of the Amalgamated association had hoped for as many as 100,000. They are facing, therefore, serious disappointment. This army, smaller than Shaffer hoped to muster, is nevertheless, a compact and loyal one, and there will be no hesitation in the fight. Shaffer's first order affected the men of the American Sheet Tin company; the American Steel Hoop company and the American Tinplate company. The mills of these companies have been thoroughly unionized and with the exception of perhaps 1,000 men, every Amalgamated man quit his work, carrying with him those whose labor depended upon his skill. Although the Amalgamated association claimed that 65,000 were idle, a conservative estimate of the number is closer to 50,000. The second order, after the failure of the New York conference of August 3, applied to the men in the Federal Steel company, the National Steel company and the National Tube company. The Carnegie steel works and the American Bridge company were not touched. The Amalgamated had obtained no hold whatever in the Carnegie mills, and the American Bridge company, though unionized, contained no members of the Amalgamated association. The strength of the strike, therefore, depended on the number of men who could be brought out of the Federal Steel company, the National Tube company and the National Steel company. Of the 35,000 men called out by Shaffer's order 18,000 obeyed, while 17,000 disobeyed. The president of the Amalgamated association is not discouraged, however, and refuses to make any comment on the defection of the union men in the Chicago district. In the East, especially the Pittsburg district, the strikers stand firm.

Schwab Feels Confident.

New York, Aug. 13—The Financial News Bureau sent out a statement today that President Schwab had told friends last night that he was convinced of a speedy collapse of the strike. That statement is partially responsible for the strength of stock in steel.

Signals From Mail Wagons.

Washington, Aug. 13—Arrangements are being made by the postoffice department for the display of weather signals from the wagons of the rural free delivery service.

CHINA FREE LIST INCLUDES FLOUR

Envoys at Pekin Agree—Final Proctol Fixes a Five Per Cent Tariff—Rice is Also Free.

Washington, D. C., Aug. 13—The state department has received a cablegram from Mr. Rockhill at Pekin reporting that the draft of the final protocol has been agreed upon.

A tariff of 5 per cent, ad valorem, effective, will be put in force two months after the signing of the final protocol, excepting on goods shipped within ten days after signing, and will continue until the conversion to specific rates has been effected by the expert commission.

The Chinese free list will include rice, foreign cereals, and flour, gold and silver bullion and coin. The inclusion of flour in the free list is of much importance, particularly to Pacific coast shippers.

Mr. Rockhill's dispatch that flour and cereals have been inclued in the free list of the new Chinese tariff is regarded as an important provision, owing to the growth of American exports of wheat and flour to China. In 1899 these amounted to $2,298,033, which was almost double the shipments of the preceding year.

THE KNIGHTS OF COLUMBUS TO MEET

Annual Gathering at Waukesha is Expected to Attract an Unusually Large Crowd.

Waukesha, Wis., Aug. 13—The members of the Order of th Knights of Columbus have commenced arriving at Lakeside on the north shore of Pewaukee lake, where they will occupy the hotel and cottages until Aug. 25.

Seventy-five members are here and it is expected that by the end of the week between 300 and 500 will be encamped. The delegates that have arrived so far are from Milwaukee, Springfield, Moline, Joliet, and Chicago, Ill.

INVADER GETS THE RACE ON A FOUL

Chicago, Aug. 13—Today's race in the Canada cup series was given to Invader on a foul, Cadillac having been disqualified for running too close to the Canadian at the start. The racers were not notified of the Cadillac's disqualification until after the first leg had been almost covered. The Cadillac's skipper refused to discontinue the race and the boats went over the full course. The Cadillac will make a protest.

Dowager Empress Buried.

Pottsdam, Aug. 13—The remains of the late Dowager Empress were placed in their last resting place this afternoon. The final ceremonies ies though attended with great military pomp, were carried through speedily and without incident.

Sever C. Synstegard and Louis Loken of Orfordville were in the city today on their way home from a trip through North Dakota.

WANT FRANCHISE IN JANESVILLE; ELECTRIC ROAD FROM KILBOURN

Application of P. L. Spooner of Madison, Presented to the Council Last Night—Construction Work To Begin Within Sixteen Months.

If all the street railways proposed for Janesville materialize the people of this city will have no trouble in visiting any of the adjacent towns at any hour of the day and at a low rate of fare.

P. L. Spooner of Madison is the latest applicant for a franchise from this city. His application was filed with City Clerk Badger about 5 o'clock yesterday afternoon but no action was taken on it by the council last evening. Mr. Spooner asks for the right, privilege and franchise to construct, maintain and operate a railway, with all the necessary switches, side tracks, turn-outs, ways, poles, wires, and curves, and other fixtures, in, upon, along and across certain streets, particularly mentioned in the proposed ordinance.

The proposed route of the road, as stated in the application for a franchise, begins at the present northerly limits of the city at a point where said northerly limits are intersected by the Fulton road, or a continuation of North Bluff street, thence south on said Fulton road or North Bluff street to North First street, thence west on North First to North Main thence southerly on North Main street to the intersection of East Milwaukee street.

The franchise, if passed, will grant him the right to operate a railroad by electricity with overhead wires, or other motive power, except with a steam locomotive. It gives them the right to erect all necessary poles and other mechanical contrivances for the purposes of carrying telephone, telegraph or electric light wires to aid the purpose of railway or for the purpose of furnishing power service to others within the limits of the city, and for furnishing power, electric lights, telephone or telepraph service to others outside the city limits, subject to an ordinance to regulate the stringing of wires in the City of Janesville, passed October 10, 1892 and an ordinance passed July 7, 1901, in regard to establishing a return circuit for electricity.

The cars are to be heated in cold weather and carry headlights at night and to conform to the police regulations governing such things. The fare is five cents for a trip in any direction inside the city limits.

The company are to begin the construction of the road within sixteen months after the passage of the ordinance and to have it completed inside of three years. Thirty days before excavation begins they are to deposit a bond of $5,000 with the city clerk for the faithful restoration of the streets.

The ordinance asked for is practically the same as the one granted Mr. Clough and is governed by the same conditions.

The proposed line starts from Kilbourn and takes in Baraboo, Madison, Stoughton, Edgerton and Janesville. Applications for franchise have already been filed in the other places touched by the road, and in most of them have been given their first and second reading.

ADMIRAL MORTIMER L. JOHNSON WILL SUCCEED ADMIRAL SAMPSON

The Latter's Health Has Failed So Fast That Another Commander for the Boston Navy Yard Has Been Selected---Sampson to Attend Inquiry.

Washington, Aug. 13.—The Navy Department has selected Rear Admiral Mortimer L. Johnson, now in command at the Port Royal naval station, to succeed Admiral Sampson in command of the Boston navy yard when the latter shall retire. The formal appointment has not been made, as it is not known how soon Admiral Sampson may wish to be relieved or whether he will wait until his retirement from the service next February. However, it is usual when the retirement of an officer is expected to look about for those available to succeed him, and this led the department some weeks ago to determine upon Admiral Johnson for the prospectice service. It has been known for some time to Navy Department officials that Admiral Sampson is not in robust health, and that he might desire to lay aside his duties at the yard before the time of his retirement from the service. As to this, however, it is stated that there is no definite information from Admiral Sampson. He has not asked to be relieved nor indicated when he would like to be detached. It is stated that the action of the Navy Department has no connection with the Schley court of inquiry. Officials of the department were unable to say today whether Admiral Sampson would be summoned as a witness or would appear otherwise before the court, although it was said to be altogether probable that he would be among the witnesses.

Sampson to Attend Inquiry.

Boston, Mass., Aug. 13.—Rear-Admiral Sampson's intention is to be present at the Schley court of inquiry. He will be relieved of the command of the Boston yard and station on Nov. 1, and then will go from Boston to Washington on "waiting orders" until his retirement (under the age law—62 years), in February. He will become a resident of the Capital City, occupying a house which he has purchased.

MISS E. WHITEHEAD NO LONGER MATRON

Sister of the State Senator Resigns Her Position at Mendota, To Go to Lincoln, Ill.

Madison, Wis., Aug. 13—Special—Miss Elizabeth Whitehead, sister of Senator John M. Whitehead of Janesville, has resigned her position as matron at the state hospital for the insane at Mendota, Wis., to accept a similar position, but at a larger salary, in the home for feeble minded at Lincoln, Ill. Miss Whitehead has been matron at Mendota for thirteen years. Mrs. J. I. Brewer, matron of one of the buildings at the Wisconsin home for feeble minded, Chippewa Falls, was elected by the Board of Control yesterday afternoon as Miss Whitehead's successor.

Bids will be opened by the board Aug. 28 for the steam heating work for the new building at Chippewa Falls. Also for a superintendent's residence at the same institution.

The board has adopted a new system of paroling prisoners from the state reformatory at Green Bay, by which a much closer supervision will be kept over the paroled boys. Before an inmate is paroled employment is found for him by an agent of the board. All of his earnings are paid over to the superintendent of the institution, to be kept as a fund for him until his term expires or he is discharged. A report is to be made each week by the paroled man, countersigned by his employer, to the superintendent, and in addition a monthly report by the employer, as to his conduct.

Kenosha Man Killed.

Kenosha, Wis., Aug. 13—John Gales, one of the best known men in this city, met death this morning while working on a new building The men were haoisting timeb to the fourth floor when one lot fell and crushed Gales beneath it, breaking his back.

S. M. Smith of Chicago spent Sunday with his family in this city.

TYPHOID TRACED TO THE BAD WATER

The Dreadful Malady Has Already Caused the Death of 125 People at Baraboo.

Baraboo, Wis., Aug. 13—Sewage-laden water from the river is the cause, it is said, of the epidemic of typhoid fever which has fastened its grip upon the people of this city. The charge is made against the water company that, in violation of its contract, it has pumped polluted water from the river when it should have furnished the city with spring water.

Just at present the people are in a humor to serious damage to the feelings of the water company as well as its plant, and probably action would be taken were it not for the fact that the water works are to be sold Sept. 5 under a mortgage, and it is the hope of the people that the city will hereafter be able to control its own supply.

The charge that the fever is produced by bad water is flatly denied by the officials of the company. Already the deaths have exceeded 125, and this in a population of 6,000 is alarmingly large. Appeals for nurses and medical help have been sent to Chicago, Milwaukee and other cities.

TO BOOM SPOONER FOR PRESIDENCY

Philadelphia Public Ledger Today Contains an Elaborate Story for the Badger Senator.

Washington, D. C., Aug. 13—The Philadelphia Public Ledger of today contains an elaborate story from its Washington correspondent concerning "Spooner's boom for the presidency." It says:

"The return of Henry C. Payne, the Wisconsin member of the Republican National committee, from a long stay in Europe, has given emphasis to the slumbering expectation that Senator Spooner of Wisconsin, is to be announced as a presidential candidate in the near future."

A summary of Senator Spooner's career in the senate is given, and the statement is made that "No ables exposition of the party's policy has been made than is set forth in Senator Spooner's sueech in support of what is known as the Spooner resolution, providing a form of civil government for the Philippines. It was one of the longest speeches of last session, and it was made under continual and bitter attacks from opposition senators. It has been accepted by friends and foes, and by the country at large, as a splendid and strong defense of the national policy with regard to the new island possessions. If any act more than another has made Senator Spooner the subject of discussion as a presidential quantity, it was that speech."

Dr. H. B. Anderson of Orfordville was in the city today on his way home from a business trip to Minnesota and Dakota.

RAGGED SHOOTING AT CAMP DOUGLAS

Company I Stands at Bottom of the List—Personal News of the Janesville Boys.

Camp Douglas, Wis., Aug 13—The regular routine order of work at Camp Griffin will not be varied this week from that of last, so that each regiment may have the same treatment and give the officers a better chance to compare the strength of each regiment.

The First battalion consisting of companies C, H, I and L, put up some ragged volley firing. The score for the volley firing by companies are: Company C, 193; company H, 174; company L, 164; company I, 126. Total, 657.

Besides the daily program published in Saturday's Gazette, Co. I had individual rifle practice this morning and volley firing at the wooden men, by the entire company in the afternoon.

Lieut. Thom says the mosquitos are as large as birds and make as much noise with their wings as pigeons.

Yesterday our boys tossed Private Hanson up in the air with a blanket and in coming down he landed on Sergeant Brosnan's nose, therefore Jery has the largest nose in the regiment today.

Private E. Baker is the shortest man in the regiment.

Sergeant Church and McCollins spend most of their time in the mess tent.

Davis and Mosher are Co. I cooks and good ones too.

ORDER OF FORESTERS

Catholic Society Convention Opens This Morning at Detroit with 200 Delegates Present.

Detroit, Mich., Aug. 13—Two hundred delegates of the Catholic Order of Foresters assembled in annual convention in Harmonie hall this morning, and it is expected that business will keep them here until Saturday. The number of delegates is small in proportion to membership, which is 93,000.

Preceding the commencement of the business sessions this morning the delegates attended high mass at 9 o'clock, celebrated by Father Van Dyke in St. Aloysius church. Bishop Foley preached the sermon. H. C. Glaeser, chairman of the convention committee, and Mayor Maybury, made welcoming addresses in Harmonie hall.

ARMED BANDITS ROB A RAILWAY TRAIN

Fort Worth, Tex., Aug. 13—Heavily armed desperadoes held up a Missouri, Kansas and Texas pasenger train at Gane, I. T., at 2 o'clock this morning. They dynamited the express car, rifled the mail, and robbed the passengers. The amount secured is not known, but is believed to be heavy. United States marshals and a posse are in pursuit.

VENEZUELA WON A BIG VICTORY

Colombian Troops Are Defeated in Battle, and in Full Retreat,

WARSHIPS ON WAY

Legation from Colombia Has Been Withdrawn from Capital of Venezuela.

CONFLICT IS RAGING

Caracas, Aug. 13—The Venezuelan troops have gained a signal victory over the Colombian troops who are now in full retreat.

Rupture Taken Place.

Washington, D. C., Aug. 13—There are indications that the expected rupture between Venezuela and Colombia has taken place. W. W. Russell, charge of the United States Legation at Caracas, asked the state department several days ago for authority to look after Colombian interests should the Colombian minister to Venezuela withdraw. The authority was cabled him and advices received say that the Colombian Legation left Caracas last night.

PRESIDENT CASTRO (of Venezuela).

It is said at the state department that the action of Colombia in getting the representative of another country to look after its interests when trouble is impending with Venezuela indicates that either the Colombian minister was recalled by his government or that he had left temporarily pending further developments.

Warships on the Way.

Orders were issued to the Battleship Iowa to uproceed to San Francisco and make preparation to go to Panama, if it is detemined that a warship is needed there. Orders were first sent to the Wisconsin, at Bremerton, but as the vessel had left there Admiral Casey was notified to send the Iowa, his flagship, to San Francisco at once.

In the meantime the Gunboat Ranger is under orders to go to Panama at a moment's notice.

The navy department officially notified the state department this morning of the arrival of the Gunboat Machias at Hampton Roads on the way to Colon.

Farmer Killed By Lightning.

Appleton, Wis., Aug. 13—J. L. Lemenway, a farmer at Bovina, and a team of horses which were attached to a wagon, on which he was at work, were struck and instantly killed by lightning. A number of persons who were assisting him in loading hay were knocked to the ground bus sustained no serious injury. The lightning came from a clear sky.

Woman Commits Suicide.

Washburn, ug. 13—Mrs. Louise Bessau of this city, committed suicide by drinking carbolic acid. She swallowed the stuff in the presence of a number of friends.

MAN KISSED BY SIX HOOSIER GIRLS CAUSES ARREST AT EVANSVILLE

Robert Foss Boasts of Virgin Lips---Is Robbed of the Distinction and Causes Arrest of Girls.

Evansville, Aug. 13—Six of the best known young women of Taswell laid violent hands upon Robert Foss in the main street of the town today and kissed him until he cried for mercy. Soon afterward the girls were arrested at the instance of their victim and held for trial on the charge of assault and battery.

Foss's public discomfiture was brought about by a boast which he made at several social gatherings recently that he had never been kissed by a woman. He of the erstwhile virgin lips is a music teacher, about 30 years old. The manner in which he claimed the distinction offended his hearers and aroused the feminine pride of the six belles who were the principal in the escapade. They decided to waylay Foss and hurl him from his pedestal of chastity.

Their opportunity came this afternoon when they encountered him in the business part of the town at a time when there were a considerable number of people abroad, including some of their friends who had been let into the secret. They made a concerted attack and in spite of his protestations, covered him with kisses. Foss struggled vainly to free himself, but his tormentors were merciless.

When he was finally liberated, Foss, with flaming cheeks, ran to the justice's office and swore out warrants for the conspirators. The latter were easily captured and immediately gave bond for their appearance tomorrow.

WILL RISK HIS LIFE TO AID SCIENCE; DENVER MAN SAYS DR. KOCH IS RIGHT

Willing To Be Infected with the Germs of Animal Tuberculosis---Doctors Call It Suicide.

Denver, Colo., Aug. 13—T. L. Monson, state dairy commissioner of Colorado, offers to sacrifice his life, if need be, to prove or disprove the correctness of Dr. Koch's latest theory, that animal tuberculosis is not communicable to human beings.

There are physicians in Denver who would rather be shot at close range than do what Monson proposes to do. Scientists assert that Monson will practically commit suicide if his offer is accepted and he carries it out in good faith.

Mr. Monson, who is in robust health is fully aware that he offers to risk his life to test an unproved theory, but he is in earnest.

He declares that some one must make the sacrifice in the interests of humanity. His offer is as follows:

"Firmly believing in Dr. Koch's latest theory that animal tuberculosis is not communicable to human beings I am willing, provided a suitable annuity is provided for my family, to offer myself as a test of the theory.

"If proper provisions are made I will either eat or allow in any manner whatsoever tuberculosis germs to be introduced into my body, providing such germs are all taken from cattle or other animals.

"This offer is made in all sincerity and is instigated by a bona fide desire to test a valuable theory and by my firm belief that Dr. Koch is right."

Dairy Commissioner Monson has been attracted by the dissenting doctors, who say that Dr. Koch may or may not be right, but that there is no possibility of making an experiment. Their belief is that the eminent German savant ran no risk of damaging his reputation because it would always be impossible to get a human being on which to test his theory.

THE NEWS FROM COUNTY TOWNS

THE GAZETTE AGENCY,
W. W. CLARKE, Manager.

Milton, Wis., August 13—Many of the sidewalks in this village are in unsafe condition and unless they are repaired the town is apt to have some damage suits to defend, which is a "penny wise and pound foolish" condition of affairs. The walk on College street can be put in a safe condition at a comparatively small expense, and as the citizens of this village contributed one-half of the funds by subscription to build the walk, the town authorities are under greater obligation to keep it in repair than in any other portion of the village.

The S. D. B. social was held Thursday afternoon on the college campus and there was a large attendance.

Mrs. C. B. Merry is the guest of Miss Nettie Thomas.

Prof. W. D. Thomas and wife are at Lake Geneva for a three weeks' outing.

Mr. and Mrs. Ira J. Ordway and wife, of Chicago, were the guests of Mr. and Mrs. George Coon Friday and Saturday.

Dr. Geo. E. Crosley and wife of Albion spent Saturday with their parents, Mr. and Mrs. Moses Crosley.

President Whitford returned Friday from his trip to New Mexico and Colorado. His physical condition is much improved by his stay and treatment in that climate, and while his bronchial trouble remains it is better and his general health is good.

Mr. and Mrs. A. J. Root have gone to Appleton.

Elmer Godfrey and wife of Waukegan visited their parents, Mr. and Mrs. C. B. Godfrey, this week.

Miss Alice Smith of Mason City, Iowa, is visiting Miss Sarah Rodger. Miss Smith is a daughter of the late Richard Smith, and spent her girlhood here.

Prof. A. E. Whitford went to Chicago Monday to purchase apparatus for his department in the college.

A physical laboratory is being fitted up in the basement of the college and some extensive repairs will be made no the interior of Goodrich hall prior to the opening of the fall term.

W. P. Clarke left Monday for La Crosse to attend the meeting of the Wisconsin Pharmaceutical association, of which he is treasurer.

Howard Saunders has gone to Iron River, Mich.

H. H. Risdon, wife and daughters, G. R. Boss and wife and Miss Pugsley and brother were among those who enjoyed the excursion to the Dells Sunday.

All members of the Good Templars' lodge are expected to be present tomorrow, Thursday, evening and hear George Washington and Wm. McKinley discuss the Oklahoma land lottery question.

E. S. Babcock and wife went out to Whitewater Monday.

Mrs. John S. Maxson died Sunday night after a brief illness. She leaves a husband and two small children.

Prof. Kumlien has been exercising his taxidermic skill on a twenty-four pound pickerel caught in Delavan lake.

Edward Green has gone to the Dakotas to harvest and thresh out some of the wheat of that section.

Judge C. A. Smart of Ottawa, Kansas, arrived in town Monday to visit his parents and other relatives.

BRODHEAD.

Brodhead, Aug. 12—Mr. A. B. Kidder was a Monroe visitor Thursday.

Miss Lola Romé returned Wednesday evening from her visit in Iowa.

Mr. and Mrs. Wallace Lewis attended the funeral of Miss Etta Vanderbilt in Juda on Wednesday.

Mrs. E. H. Cole and her son Walker, and mother, Mrs. Schultz went to Brodhead on Friday to visit.

Mr. and Mrs. Frank I More are spending a couple of days visiting friends at Janesville.

Mrs. L. Dunn and little daughter, Jessie, of Green Bay, are visiting in Brodhead, the guests of her aunt, Mrs. A. S. Clark.

Mrs. Paylor and Mrs. Dell Amerpohl went to Brooklyn on Tuesday.

Mrs. Burr Sprague, who has been quite ill for the past three weeks improves very slowly.

Mr. Gaylord Everson is still in quite a serious condition. An operation was necessary on Monday and he is now improving.

Mr. Fred Stephens and his cousin Cady Smith of Scheneitady, N. Y., who has been visiting here, went to Whitewater Monday for a few days.

Mr. and Mrs. James Maynard of Washington, D. C., Mrs. Ruth Woodle, and Mr. Glenn Socerman, of Monroe, were the guests of W. R. Skinner and family last Sunday.

Mr. and Mrs. C. Doolittle and Mr. and Mrs. G. E. Dixon went to Madison, Wednesday.

Mr. Roderick went Madison Wednesday.

Mrs. Maria Nayler went to Beloit Wednesday afternoon to visit friend

Mrs. Elizabeth Heitkam of Grailot, was the guest of her daughter, Mrs. C. Killam.

Mrs. Emma Clark and daughter of Durand, Ill., were the guests of Mr. and Mrs. Will Green over Sunday.

Mrs. G. Horton and daughter, Mae and Mrs. Lou Hunt are thhe guests of Mrs. Hyde.

A Monroe party came down on Tuesday for a week's recreation in camp on the banks of Sugar river. The party includes Mr. and Mrs. W. Ludlow, and daughter, Mr. and Mrs. G. O. Pietzsch, Mr. and Mrs. J. C. Chadwick and J. H. Durst. The male portion of the party have taken out hunting liscens.

Mr. George Broughton found riding the wheel through the west facing the hot summer winds toc much for him. He was not feeling well and considered it best to leave the boys at Lincoln and return home. A card from him Friday to his parents stated that he was nearing Marshaltown, Iowa where he would stop for a rest. Atwood and Marc are sticking to the proposition to visit Yellowstone park and are now on their way to Cheyenne.

Company H, Monroe, left Saturday morning for the annual encampment of the First Regiment at Camp Douglas.

Harry Gardner who has been with Dr. J. G. Randall enjoying an outing arrived home Friday morning while Dr. Randall went to Chicago, where he will attend clinics for two weeks. During their outing their abode was a craft and they started on Sugar river and went down Rock river as far as Dixon.

ORFORDVILLE.

Orfordville, Aug. 12.—Ben Onsgor Benedick Roen, Willie Liston and Anton Rokesek the four boys who left here some time ago on a vacation are now camping six miles from Prairie Du Chien, where they are hunting pearls. They have already found some very valuable ones and do not expect to get home until cold weather.

The cast of Tony the Convict were asked to repeat their play at Footville, but owing to the absence of some of the members and the leader it would be impossible now.

Rev. Ramberg and family of Chicago are visiting with friends of Mrs. Ramberg. The Rev. Ramberg preached in the Luthern chhrch here Sunday.

The hustling ladies of the Luthern church gave a coffee party in Mrs. O. T. Wies' yard which was well atttended. The proceeds, which was about twenty dollars is to be used for building a new parsonage.

Miss Nora Helmbolt was sent from the Orfordville Chapter to the Epworth League convention at Beansville.

About twenty-five members of the Epworth League attended at Evansville last Sunday.

O. A. Peterson and C. A. Ness were at Beloit Thursday visiting the Beloit fire department as they are on a committe to look up some fire protection.

C. O. Ness and I. H. Sater went down to Chicago a week ago last Saturday to look at some chemical engines.

Iver Broughton will move into Ole part of this week.

Miss Mabel Taylor visited at Mr. O. P. Casady's Friday and Saturday.

Mr. and Mrs. C.C R. Taylor of Avon were guests of B. J. Taylor's family on Friday.

Emma Hangon was a Janesville visiter on Sunday.

Ella Gaarder visited with Emma Sater over Sunday.

Bert Murray of Durand is a guest at the Rossiter home.

Oscar Wee left last Tuesday for Saganaw, Mich., to join Davidson's Stock Company.

Card of Thanks.

The undersigned desire to express, publicly, their sincere thanks to all, for the unexpected kindness and true sympathy, in ways more more than this card can express on the occasion of the sickness, death and burial, of the husband and father

The honors paid to the dead and the warm and sincere sympathy extended to the relatives, have impressed us most deeply and assuaged our grief and given light to our pathway.

Our special thanks are hereby extended to Janesville Lodge F. & A. M. and to Post B 20, Grand Army of the Republic, for high honors paid to the dead.

MRS. SARAH CUMMINGS.
D. S. CUMMINGS.

COMING SOON.

Wood & Ward's big company, presenting "The Two Merry Tramps."

Knight Templar Conclave—Cost of the Trip

from Chicago will be $8.00 via Pennsylvania Short Lines. Round trip tickets will be sold at that rate August 24th to 28th, inclusive. Trains leave Chicago Union Station at 10 a. m. and 8:40 p. m., running through gas belt and capitol of Indiana to Conclave city without change. Communicate with H. R. DERING, A. G. P. Agt., 248 South Clark street, Chicago, for tickets and Parlor and Sleeping Car space.

Carload of Angora Goats.

J. D. Barlass, J. R. Lamb, E. H. Ransom and George Hanthorn have just purchased a carload of Angora goats from Iowa parties and will try the experiment of raising them in Rock county. The raising of Angora goats has become quite an industry in Iowa and it is believed it will prove successful in this county. These goats, besides having a beautiful fleece, give about two quarts of milk a day each and are good eating. The raising of goats ought to be a successful experiment for these Rock county farmers.

Salt Rheum

It may become chronic.

It may cover the body with large, inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so.

Do not delay treatment.

Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.

The medicine taken by Mrs. Ida E. Ward, Cove Point, Md., was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured, and I have never had any skin disease since."

Hood's Sarsaparilla

Promises to cure and keeps the promise. It is positively unequaled for all cutaneous eruptions. Take it.

Gasoline Stoves Cheap

Warm weather has come to stay. You need a Gasoline stove. Come in and look at one. I have a full line. Also

Furniture of All Kinds

Good bicycles cheap, baby cabs, watches, etc. The best line of second hand cook stoves in the city to be found here. All goods guaranteed to be in good order. Highest cash prices paid for good furniture. I buy anything good. No trash handled. Remember the old stand.

THE BIG STORE. 20.22.24.26.28. S. MAIN ST. JANESVILLE WIS.

What It Means!

The crowds that daily throng our store show that the people know a good thing when they see it. We endeavor every day to give substantial evidence that we are not unmindful of their patronage Working on the broad principle of enlightened selfishness, we know that we serve ourselves best by serving the public most. To please the great public—the power that makes or mars us all—our best energies are bent, our highest skill engaged.

Pro Bono Publico.

We mention as very special Bargains a variety of **Petticoats** for summer and fall wear that are worth $1.00 to $1.50. **Black Brilliantine** with fancy silk stripes around bottom. **Wash Skirts** of duck, Galatea cloth, silkette, light and dark, figured and stripes; these skirts are all made with adjustable yokes. Think of the price we have tacked on to them..... **83c**

Remnants of Wash Goods

About 300 remnants have accumulated, lengths from 2 to 9 or 10 yards. Calicoes, percales, batiste, dimity, &c., light and dark Each piece is marked at the price for which one can have it, and most of them less than cost.

25c Goods for 14c—To make a clean sweep we offer what we have left of the fine **French corded Batiste,** regular 25c goods, at **14c** a yd. We have sold an immense lot of them and can afford to sacrifice profit to turn the balance into money.

Wrapper News

We are prepared for any demand. If you want a pretty muslin or dimity wrapper, we have them. We are also showing a large line of dark wrappers for fall wear, but you do not necessarily have to wait till fall to wear one. Of the latter we received about 15 styles August 8th in red, blues, blacks and fancies, percales and flannelettes, at $1, 1.25, 1.50 and 2.

IT'S EASY WHEN YOU KNOW HOW

and where to secure a high grade of pure beer. Our prices will be found as low as you will pay for impure good elsewhere. Orders by phone promptly attended to.

LATE TELEGRAPHIC NEWS

STRIKERS CONTINUE TO CLAIM GAINS

Several Steel Mills Have Been Closed by Sympathy Strikers.

Pittsburg, Aug. 13.—President Shaffer made a brief statement at noon. He said:

"We have no official information about the situation in the west. I do not believe Vice President Davis of Chicago, has accepted a superintendency from the trust, as reported. My only regret is that some of the men working in the slave pens of the trust had not spirit enough to come out and join the strikers. I will not take any part in calling out the American Federation of Labor. Its action must be voluntary. The Amalgamated has not lost anything, but has made gains."

Secretary Williams said:

"I think the greatest surprise of the strike will come to the steel officials when they find we have invaded the Carnegie plant. We have reliable reports to the effect that the Lower City mill is tied up and that but one mill in the Upper mill is on. We have not made known our plans and still have some surprises for the manufacturers."

No Trouble at Monessen.

The trouble anticipated at Monessen this morning did not come, and the large plant of the American Tin Plate company there is in full operation today.

Both sides claim control.

The strike leaders planned to call the men out this morning, but at the last moment refrained from doing so. They say that they will act later, while the officers of the company say that their position is quite secure and that the plant will not be affected by the present difficulty.

The farm mill at the Lindsay & McCutcheon plant, which was operated last week with a nonunion crew, made a wavering start this morning, and is in operation, although shorthanded.

The Republic iron works is tied up and the fires, started this morning in anticipation of resumption, are banked. Painters' mill, closed on the first call, is still smokeless. The steel people have planned its reopening for several days, but as far as outward appearances show, have done nothing. The men of the Elba or Frankstown puddling and rolling mills have all joined the strikers and the works are completely crippled.

Carnegie Mills Are Running.

All of the Carnegie properties and the mills of the American Sheet Steel company at Vandergrift, Apollo, Leechburg, Hyde Park, and Saltsburg are in operation today, and the manufacturers assert that there will not be the slightest trouble at any of them.

Reports from all the strike centers indicated that perfect order prevails, but it is believed here that clashes are inevitable at the more turbulent places when attempts are made to put non-union men on where the strikers have quit work.

President Shaffer, Secretaries Williams and Tighe, Vice President Chappelle, National Trustee John Pierce and Ben Davis were at strike headquarters. Mr. Shaffer was in his private office and refused to see any callers. Secretary Williams said:

"We are in a fight until an honorable settlement can be reached. We are issuing a call to the general public for financial aid. It will go out today."

Call for Financial Aid.

Williams gave out copies of the call which reads as follows:

"To the Members of Organized Labor—Brethren: As you are undoubtedly aware the United States Steel corporation are now waging a war against organized labor by making the Amalgamated association the subject on which to begin operations. At our last convention it was unanimously decided to ask the United States Steel corporation, when settling their annual scale with the Amalgamated association, that they sign or recognize the scale of the Amalgamated association in all their mills. When the matter was broached, the matter was peremptorily refused. After the holding of several conferences, the demand of our organization was modified so as to take in only the mills of three of their constituent companies, viz.: The American Sheet Steel company, the American Tin Plate company, and the American Steel Hoop company, where local lodges had been formed, and where the men were very desirous of being union men, and we are now out on strike for recognition.

"In the conferences which were held by the representatives of the United States Steel corporation and the Amalgamated association, the representatives of the United States Steel company's only arguments were that they did not desire the Amalgamated association to become too powerful, and that they should hold the balance of power.

"Later conferences were held with the heads of the United States Steel company, who submitted a proposition that we only sign for the mills signed last year, with the exception of the sheet mills in Saltsburg and Scotdale, which were signed for the year previously. Their proposition was rejected, as it meant that the Amalgamated association would merely have to remain in a quiescent state, while they were expanding and adding to their nonunion possessions.

Blow at All Unions.

"They are waging a fight for the extermination of the Amalgamated association and for the workingmen to combine, a principle, which they have demonstrated to the people of the United States, they desire themselves, and so persistently refuse to grant us. This blow is not alone directed at the Amalgamated association, but at organized labor in general, and should they succeed in defeating the Amalgamated association, it will affect every organized body in the United States.

"To succeed in the struggle it will be necessary to seek the aid of every organized body as well as the general public, whose sympathies we know are with us in the present struggle. To this end we ask that you give us your more than financial aid; a liberal response financially will materially assist us in conducting a victorious campaign for a principle which is the inalienabel right of every American freeman.

If you desire to aid the Amalgamated association in the present struggle financially, all money should be forwarded to John Williams, secretary-treasurer, Bissell block, Pittsburg, Pa. Fraternally yours,

"T. J. SHAFFER, President.
"JOHN WILLIAMS, Sec.-Treasurer.
"M. F. TIGHE, Assistant Secretary.
"Ben I. Davis, Journal Manager."

Non-Union Men Landed.

Cleveland, O., Aug. 13.—Sixteen imported men were successfully landed at the Crescent tin-plate mills last night after 7 o'clock. A crowd of 500 strike sympathizers jeered the newcomers, but other than the sarcasm expressed in words there was no untoward action. District Manager Bamfield of the American Tin Plate Company said that four out of six mills would be running in the morning, and that the entire plant would be in operation within a few days. The newcomers marched into the mills in couples, and were served with supper inside. They will also sleep inside the factory grounds.

Use Violence at Niles.

Warren, O., Aug. 13.—The first violence during the present steel workers' strike in the Mahoning valley occurred at Niles in the afternoon, when an angry crowd of tin-mill men surrounded the Erie train from Lisbon. But for the prompt action of the police five men would have been mobbed. Excitement runs high at Niles, and if any attempt is made to operate the tin mill there serious trouble will result.

Wages of Weavers Are Cut.

Fall River, Mass., Aug. 13.—The Manufacturers' Association has voted to reduce the price of weaving from 19.8 to 17 cents per cut, which is practically a cut down in wages of 14 per cent. The vote taken on the matter was unanimous. The cut goes into effect September 3.

Young Man Poisons Himself.

Portland, Ind., Aug. 13.—Earl Bradley, aged 21 years, son of John Bradley of Coldwater, Mercer county, and formerly of this city, committed suicide by drinking carbolic acid, which he procured from a druggist for the ostensible purpose of killing vermin. The reason assigned for the act is ill health.

Fire destroyed the Niles & Moser cigar store and the J. A. Johnson cafe in Kansas City, Mo. Loss $50,000.

Auto Kills an Aged Man.

New York, Aug. 13.—May Irwin's victoria automobile, driven by Chauffeur Rufus B. Eldredge, ran over and killed John Tanner, 83 years old, last night. Mr. Tanner is the father of H. F. Taber, the actor, who last season played in "Captain Jinks of the Horse Marines." He was on his way home from the grocery store, where he had purchased some delicacies for his aged wife, who is ill, when he was struck. Mrs. Tanner was prostrated when the news was broken to her and she is in a dangerous condition. Eldredge was arrested and held on a charge of homicide.

Killed by Masked Robbers.

St. Joseph, Mo., Aug. 13.—Adolph Morey, 24 years old, was shot in the head in the saloon of J. W. Ballard in South St. Joseph by robbers who attempted to hold up the saloon, and died three hours later. Morey, J. W. Ballard and his brother, Henry Ballard, were playing pool when two masked men entered the saloon. They told the men to throw up their hands. At that instant the robbers fired.

Park Will Be Fair Site.

St. Louis, Mo., Aug. 13.—The injunction sought by H. H. Werder and John H. Bergherm against the use of Forest Park as a world's fair site, was denied by Judge Zachritz. The demurrer of the fair officials declared that the grant of Forest Park was the grant of a privilege or license and not a lease, as contended by plaintiff.

An additional $5,000 was given to Washington, Ind., by Andrew Carnegie for a free library, making a total of $20,000 donated.

DISAGREES WITH DR. KOCH.

Says Consumption Exists Only Where There are Cattle.

New York, Aug. 13.—Dr. Edward F. Brush of Mount Vernon, N. Y., formerly professor of bovine pathology in the American Veterinary College, is especially interested in the theory advanced by Professor Koch that the bovine tubercular germ is not of the same variety as the human tubercular germ, and that there is no danger of contagion from milk and meat to men.

Dr. Brush said: "I cannot agree with Dr. Koch in everything he says. I am of the opinion that tubercular conditions in men and animals are identical after they are started. My occupation brings me in close contact with dairy cattle, and I have been compelled to devote my attention to the subject of tuberculosis afflicting dairy stock. One fact that strengthens my belief that human bacillary tuberculosis is all derived from the bovine species is that where this animal does not exist pulmonary consumption is unknown.

"The Kirghis, on the steppes of Russia, who have no cows, domesticated the horse, using its milk, meat and skin, and a case of pulmonary tuberculosis has never been known in the tribe. The Esquimau has no cows, neither has he pulmonary phthisis, and I think it can be laid down as a fact that where the dairy cow is unknown pulmonary consumption does not prevail. Let us treat this disease, especially among the cows, as leprosy was treated of old, and then we shall be saved from the painful necessity of treating the human race in like manner, for I am convinced that if we stamp out tuberculosis in the bovine race a few generations will eliminate it from the human family."

$20,000 GOLD BAR MISSING.

Skipped from Unalaska—Long Overdue at San Francisco.

Seattle, Wash., Aug. 13.—Twenty thousand dollars in bullion contained in a bar from the Apollo mine of Unalaska is missing. Late in July the gold was shipped, arriving at Juneau the last day of the month. From that point it was intended to ship the treasure via Pacific Coast Steamship company's steamers to this city, and on to San Francisco.

Advices of the consignment were duly made by the mine management to the San Francisco office, but a telegram received by Capt. James Carroll from the Consolidated Mining company of San Francisco, which is operating the property, states that the bar has not arrived.

Shot From Ambush.

Poughkeepsie, N. Y., Aug. 13.—Samuel Verplanck, a wealthy resident, was seriously shot in the left shoulder and Miss Laura Rankin, his wife's cousin, was shot in the neck, supposedly by highwaymen in ambush, at 5:30 o'clock in the afternoon while they were out driving near Matteawan with friends. In the carriage with Verplanck and Miss Rankin were Mrs. Verplanck, state regent of the Daughters of the American Revolution, and the Rev. J. Howard Suydam, pastor of the Reformed church at Rhinebeck, Dutchess county, and Mrs. Suydam.

Kills His Wife and a Cripple.

Baltimore, Aug. 13.—Joseph I. Adams, a plasterer, living at 1530 Kent street, shot and instantly killed his wife and a cripple named Charles Houck of 425 West Twenty-sixth street.

Adams' jealousy of Houck caused the shooting, which occurred about 11 o'clock a. m. at the Cedar avenue entrance to Druid Hill park.

Adams made his escape and had not been arrested up to noon. The couple have four young children.

Girls Arrested for Kissing.

Taswell, Ind.—Aug. 13.—Albert Foss has filed affidavits against six society girls who gave him a public kissing yesterday. Foss is a music teacher and boasted at several artles that he had never been kissed by a girl. The six girls laid for him on the street and kissed him until he cried "enough." He was greatly mortified, and went before a justice of the peace and caused the arrest of the girls. They were released on bail.

Great Alfalfa Crop.

Phoenix, Ariz., Aug. 13.—Reports received here from twenty-three points in the territory all state the largest alfalfa crop ever known is now being gathered. The crop is the second one of the year and will be of extraordinary value at this time, when the hay crops of the central western states are burned out.

Constipation neglected or badly treated, leads to total disability or death. Rocky Mountain Tea absolutely cures constipation in all its forms. 35c. Smith's pharmacy.

Very Low Rates to K. T. Conclave at Louisville, Ky.,

Via the North-Western Line. Excursion tickets will be sold at one fare for round trip, Augst 24 to 26, inclusive, limited to return September 2, with extension until September 16, inclusive. Apply to agents Chicago & North-Western Ry.

MUST BELIEVE IT.

When Well Known Janesville People Tell It So Plainly.

When public endorsement is made by a representative citizen of Janesville the proof is positive You must believe it. Read this testimony. Every backache suffered, every man, woman or child with any kidney trouble will find profit in the reading.

Mr. John Stetson, of Hotel Myers day clerk, says: "A physician pronounced my trouble kidney complaint. If the severe pain across the small of my back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks, sometimes virulent, sometimes a dull grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the People's Drug Co's drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me. Up to date I have not noticedany recurrence of my old trouble."

Sold by all dealers. Price, 50 cents Foster-Milburn Co., Buffalo, Y., sole agentss for U. S. Also on on sale at King's Pharmacy.

WISCONSIN WEATHER FORECAST

Sig. Francesco Crispi.

The recent death of the Bismarck of Italy naturally calls to mind the various services Sig. Crispi has performed while an active statesman.

Perhaps no country has passed through a more varied career than Italy, rising from the depths of obscurity to the very pinnacle of power and wealth, only to vibrate back again, the shuttlecock of nations and statesmen.

It was in the role of conspirator and revolutionist that Sig. Crispi rendered the greatest services to his country, Sicily. From the ranks as a private soldier he rose in power to ruler of Italy as her prime minister, controlling the policy of the country for more than twenty years.

It was Crispi who planned and Garibaldi who executed the revolution which resulted in the annexation of the two Sicilies to Italy.

Crispi forced Italy to join the triple alliance, or Dreibund, and as a consequence she was compelled to increase her army and navy enormously.

This increase in taxation so oppressed the land owners that public riots accompanied by mob violence to the public servants who attempted to collect the tax, were frequent, and it was in managing both factions in the country that Sig. Crispi was so successful.

Defeated by his enemys for the position of prime minister, this man of iron will and brilliant tact would cause such a demand for his reinstatement, that his acceptance was necessary to preserve the peace and integrity of the whole country.

In the eighties Sig. Crispi was in the heighth of his power, and made his famous attack on France, renouncing her in favor of Germany.

In the early nineties Crispi was compelled to relinquish the leadership, and he as low as he had risen high. Abandoning the reins of government and using his remaining prestige in blackmail and embezzlement; he was a party to the scheme which wrecked the three strongest banks in Italy.

The name which could have been left bright and untarnished as the greatest heritage has been buried almost with the body in shame and disgrace.

"Bob" Evans.

Admiral Evans is a product of the civil war; he is one of the most enthusiastic officers this country ever had, and comes from a family of fighters; his two cousins and brother-in-law holding captain's commissions in the recent war with Spain. So prominent is this fighting spirit that he has been dubbed "Fighting Bob Evans," a nick name he won in the Pacific waters of the coast of Chili, when he sent to the captain of a foreign war ship a message similar to Dewey's famous letter to the German admiral at Manila.

After the fight with the Spanish at Santiago, Captain Evans began a wordy battle with some of our ministers defending his use of superlatives which the ministers objected to.

Now he seems to have come off second best in another "scrap" with a former navy officer, and has received a stunning rebuke which may keep his lips closed, but will not keep him from grinding his teeth probably.

Americans like such men as Admiral Evans; he is all business and takes no fooling from anyone, so it is probable that the rebuke will result in greater admiration for the man and an increased sale of his book, "A Sailor's Log."

The New German Tariff.

A good deal of interest has been aroused in this country over the passage of a bill in Germany which increases the tariff on food stuffs, iron, steel and cattle shipped from this country.

There does not seem to be any hostility because the bill does not seem to be intended as a rebuke or as evidence of bad blood.

The Kaiser depends upon the land owners and workers for his support in the German parliment; and this bill is intended to please the same class of people.

It cannot be claimed that this is a step in European coalition against American commerce, for the originator of the Anti-American League, now proposes a similar war on Germany for passing these new tariffs. The United States has risen to first place in German imports and the new measure will make food dear to the very people who framed it for their own protection.

It would have made little difference if the Brooklyn and all other boats except the Oregon had run away from Cervera, she seems to have been able to catch and sink the entire Spanish fleet.

Europeans are compelled to take in their dividend paying industries after dark, while the boogies, Morgan and Clark are in the neighborhood.

The Indianapolis News seems of the opinion that people who are going away for the summer are finding it without any difficulty.

The New York Independent has found Elbert Hubbard a big joke. We have found him a little—o.

According to American public libraries Kipling has declined from the most read man to least read of twenty American authors.

When the Pan-American Congress meets in Mexico, in October, the section on arbitration will evidently have a full program.

CHOICE MISCELLANY

Hair of the Presidents.

A famous collection of hair gathered by the late Peter A. Brown has just been presented to the Academy of Natural Science, Philadelphia, by the widow of Mr. Brown. In the exhibit there is hair taken from the heads of all the presidents of the United States, from George Washington to James Buchanan, with the autographs of many of these men. Besides the hair of the presidents there are in the exhibit samples of the hirsute adornments of many of the early governors of Pennsylvania and noted men of the United States who lived prior to 1836. The latter includes Major General Winfield Scott, Henry Clay, John C. Calhoun, vice president of the United States; James A. Baird and Wilson Peale, founder of the Academy of Natural Science of Philadelphia.

One of the curiosities of the collection is hair from the head of Rev. Andrew Marshall, who was a former slave 100 years since. Other interesting parts of the collection are hair from Japanese, Chinese, Malay and American Indian tribes and native tribes of the Sandwich Islands and New Zealand. Besides these there are the most complete specimens of wool from domestic sheep and wild goats from all over the world. Until 1836 Mr. Brown was a frequent contributor to the Philadelphia Academy of Natural Sciences. His greatest work was in support of his theory that mankind should be classified by the hair or wool from their heads. He argued the covering of a negro's head was not hair, but wool. This collection was the data from which he deducted his opinion.

The Wild Ass.

The wild ass may almost be said to be the antithesis of the domestic species. The one is high spirited and untamable, the other the meekest and most submissive of quadrupeds; the one is as remarkable for its speed as the other for its slowness, and, while the wild specimen ranks among the most graceful animals of creation, its every movement typical of the untrammeled freedom of the desert over which it loves to roam and of the unfettered breath of heaven which seems to lend it wings, its subjugated congener is awkward and ungainly.

In color the roulan, or wild ass, is a creamy white, shading to fawn on the back, with a handsome darker stripe running from wither to tail and a corresponding marking on each fore leg. The head and muzzle are finely molded, the ears less long and pointed than those in the tame donkey, the eyes large and prominent and as bright as those of the gazelle, and the legs resemble in length and lightness those of the deer.—Chambers' Journal.

Did Not Belong to Him.

John Muir, the mountain climber and naturalist, lives in one of the most beautiful parts of the Contra Costa valley in California. A writer in Ainslee's Magazine who had been sojourning with him tells this story illustrative of his fondness for birds and his wide humanity:

It was a fair picture of peace and plenty under the soft, blue September sky. A stream ran close at hand, shaded by alders and sycamores and the sweet scented wild willow. On the bank nearest us stood a solitary blue crane, surveying us fearlessly. A flock of quail made themselves heard in the underbrush, and low above the vineyards a shrike flew, uttering his sharp cry. Noting him, I said to Mr. Muir:

"So you don't kill even the butcher birds?"

"Why, no," he said. "They are not my birds."

Second Class Mail Matter.

Failing to get suitable corrective legislation to establish a fairly remunerative rate for the carrige of second class mail matter, the officials of the postoffice department have determined to rectify some patent abuses by adopting stricter measures of classification. Fake publications circulated for merely speculative or advertising purposes, books published in serial form to escape full rates and merely merchandising devices with which the mails are burdened will hereafter be either excluded or properly rated. This is a step which the department should have taken years ago.—Philadelphia Record.

Hubbub of a Past Age.

The announcement of King Edward's coronation to occur next June was made with all of the ceremony of the middle ages. It would have been much nearer in keeping with the spirit of the times if the announcement had been made in the "special notice" columns of the daily newspapers. Heralds and pursuivants and kings at arms are a lot of rubbish belonging to an era that became ancient and obsolete when daily newspapers and telegraphs came into existence.—Savannah News.

Comparative Cost of Education.

London, with 4,600,000 people, spends about $12,000,000 a year on popular education. New York, with 3,500,000, spends about $15,000,000.

DRY GOODS CLOAKS MILLINERY

Half Off

on about a hundred Tailor-Made Suits brings them down in many instances to the price of the jacket alone,—and for ladies who wish a suit to wear during the fall months this is the opportunity to secure it at a very low figure. The Suits in this line start at $6, and at $7½, $10 and $12 we offer some really remarkable values.

Another Hundred Suits

are also included in this special Suit Sale and they are subject to an all around reduction of ¼, which brings—

$30 Suits for - $20
$25 Suits for - $16.50
$22.50 Suits for $15.
$20 Suits for $13.50
$18 00 Suits for $12.

The two hundred Suits noted above are all of this season's manufacture and are in every respect up-to-dare, in fact they represent some of the choicest styles of the season,—such styles as have made this department famous for its high class garments. About fifty Misses' Suits are still in stock and ladies requiring small sizes will find this line of especial interest.

Walking Skirts.

New ones in every week and at $6.00 the best in town; colors: castor, black, light and dark oxford, navy blue and brown.

Separate Jackets

Coat styles and Etons, both cloth and silk; half price takes the pick.

CHRISTIAN SCIENCE TREATMENT GIVEN DISTRICT ATTORNEY'S DOG

A Follower of This Healing Art Says It Can Be Used on Dumb Animals, and He is Making a Practical Demonstration of It.

It is claimed by Christian Scientists in this city that their molde of healing can be applied successfully to dumb animals. It has been tried in one case in this city and while the cure is not yet a complete success there is very little doubt but that in time a cure will be effected through this agency.

District Attorney W. A. Jackson is the owner of a handsome bull terrier pup, which furnished the subject for Christian Scientists. When the pup was quite small it had the misfortune to break one of its front legs above the shoulder. Mr. Jackson, wishing to save the dog if possible, took him to a veterinary surgeon, who did his best to get the bones back to their original position After the bones had been replaced, the pup was so restive that they soon slipped out of place, and the pup has grown up with a crippled fore leg which is not of much use to him.

A few days ago Mr. Jackson was much surprised by being asked by an old gentleman, a well known follower of Christian Science teachings: "Mr. Jackson, do you notice any difference in the way that pup of yours gets around?" The question rather surprised the district attorney, who could not understand why he should ask such a question, and he asked him what he meant.

The old gentleman told him: "I was sitting in the park in front of your house the other day, and and that pup of yours came over into the park where I was. He was so lame he could hardly walk. He remained in my sight about three quarters of an hour and in that time I gave him treatment. At the end of that time he jumped up and ran home as lively as a cricket, with hardly any trace of lameness about his gait."

Since that day the healer has been in the park almost every day and gives the dog treatment. When the animal does not show up he gives him absent treatment which answers the same purpose. He is satisfied that the dog is much better and hopes to effect a permanent cure.

The district attorney says he believes this is the first case of the kind on record. If the dog is cured he will be obliged to admit that Christian Science is all right. The outcome of the treatment is being watched with great interest.

SOCIETY OF SOLDIERS AND SAILORS WILL DEDICATE THE MONUMENT

The Corner Stone of the Shaft in Court House Park Will Be Laid on Thursday, August 29, With Imposing Ceremonies.

The corner stone of the monument to the memory of the soldiers and sailors of Rock county will be laid with appropriate ceremonies by the Rock County Soldiers and Sailors' association Thursday, Aug. 29. It was largely through the efforts of this association that the monument is erected and it is especially fitting that those brave men who fought side by side with the dead heroes should lay the corner stone of the monument which is being erected by Rock county in grateful remembrance of those who served their country in the days of '61 and '65.

The laying of the corner stone will be observed in connection with the annual reunion of the Rock County Soldiers and Sailors' association, which will be held in the court house park August 29. Outside of these ceremonies which will make the reunion a distinctive one long to be remembered, the program for the day will be much the same as in the past. There will be a business meeting at Grand Army hall at 10 o'clock in the morning at which time the annual reports will be presented, officers for the coming year elected and other business of importance transacted.

At noon, according to custom, dinner will be served in the park, doubtless by the ladies of W. H. Sargent Woman's Relief Corps, No. 21. In the afternoon there will be a program of speeches and the laying of the corner stone of the monument. Arrangements for the reunion are not yet completed but are being looked after by a committee consisting of J. L. Bear, president; W. J. McIntyre, secretary; and W. G. Palmer, treasurer of the association.

According to the program laid out the twenty-ninth of August bids fair to be a busy one at the court house park. Not only is the park to be the scene of the reunion of veterans on that day but the Sunday schools of Rock county are planning for a monster rally to be held on the same day at the same place. Whether the two will conflict or not remains to be seen.

Work on the soldiers' and sailors' monument is progressing rapidly. The grout foundation is completed and the stone work will be begun tomorrow. John Peters, who has charge of the work, already has the derrick for lifting the heavy stone in place on the grounds and everything is in readiness for the beginning of the stone work in the morning. The monument is being erected under the supervision of J. L. Bear, who is looking out for the county's interests.

DEATH COMES TO MRS ROSE GIBBONS

Occurred at Her Home After an Illness of About a Week's Duration—Funeral Friday.

A life devoted to the loving service of family and friends came to a peaceful close this morning at 8 o'clock when Mrs. Rose Gibbons closed her eyes in the sleep that knows no wakening save in the life eternal. Her death occurred at her home, 9 Pease's court, after an illness of about a week's duration. Mrs. Gibbons was sixty years of age and has resided in this city for thep ast eight years, having moved here from Albany, Wis. During her residence here, her life of quiet devotion to her home and her lovable Christian character have made a host of friend who will sincerely mourn her death. Deceased leaves two sons, A. J. Gibbons of this city, and T. J. Gibbons of Chicago, and three daughters Mrs. Wm. Moore of Chicago, Miss Mary Gibbons and Miss Tessie Gibbons of this city. Funeral services will be held from St. Mary's church Friday morning at 9 o'clock, after which the remains will be taken to Albany, Wis., on the 10:40 train. The burial will take place at Albany Friday morning.

Picnic Up the River.

Members of the Woman's missionary societies and the Loani band of the Congregational church are enjoying a picnic at the summer home of Mrs. Laura Burr at Burr Springs this afternoon and evening. The first boat left the dock this afternoon at 2 o'clock and another trip was made at 5 o'clock. A picnic supper is to be served and an address by Mrs. S. E. Hurlburt, of Chicago, treasurer of the W. B. M. I.I, is to be one of the delights of the occasion. The picnic party will return home early this evening, leaving Mrs. Burr's home at 7:30 o'clock.

Excursion to Madison.

The Janesville Machine Co. will hold their anual picnic at Esther Beach on the shores of Monona Lake at Madison, Saturday, Aug. 17th. Train leaves via Chicago & Northwestern Railway at 8 o'clock a. m., and returning leaves Madison at 7 p. m. An excellent band will accompany excursion. Everyone is cordialy invited to attend and enjoy the bathing, boating, ball game, quoits, dancing pavilion, etc. Fare for the round trip, $1.00. Very low boat rates for the day. For the accommodation of those who wish to visit the city of Madison train will run to C. & N. W. Ry. station.

Chas. B. Conrad Oil Inspector.

Chas. B. Conrad was today appointed deputy oil inspector for this district. The appointment came through Edwin E. Miles, of Burlington, state oil inspector. It is a fee office and the amount of compensation depends entirely upon the amount of oil inspected.

LATEST HAT STYLES.

Next Wednesday Mrs. Clark will have her early fall opening in advance styles in ready to wear hats at her millinery establishment adjoining J. M. Bostwick & Sons. Prices range from 25 cents to $3. Recent shipments from the eastern markets have been received, making Mrs. Clark's stock second to none in Southern Wisconsin.

New Parlor Cars.

Two parlor cars, named respectively "Janesville" and "Beloit," "spick and span new" from the builders have been received from the Chicago, Milwaukee & St. Paul Railway and will be placed at once in the service for which they were expressly built—between Chicago, Janesville and Madison.

The new cars have an interior finish of mahogany and are seventy-five feet in length. The exterior is the St. Paul standard color. In addition to the usual parlor, seating thirty peple, each has a large observation room, a state room and buffet. The latter, besides being fitted for ordinary buffet service, is equipped with a broiler, from which steaks, chops, etc., can be served.

The equipment in service on the St. Paul road to and from Southern Wisconsin points has received many favorable comments. The new cars—the handsomest so far built—will complete the finest day trains leaving Chicago.

Mrs. C. G. Spencer and daughter, Elma, have returned from a three-weeks' outing at Lake Koshkonong.

This week Bort, Bailey & Co. have an attractive display of printed flannelettes at 15c per yard. Hard to tell the patterns and goods from the 75c and $1 per yard values.

The police are looking for a number of Third ward boys who were amusing themselves last night by throwing at electric light globes until they succeeded in smashing them.

George Hobbs, said to be a Janesville man, was arrested in Racine yesterday, charged with being implicated in the stealing of 2,000 pounds of copper wire from the Wisconsin Telephone Co.

At the golf grounds this afternoon the qualifying ronnds in the home tournament will be played. After the playing a supper will be given in the club house, of which Mrs. Arthur Harris will have charge. In the evening one of those most enjoyable club dancing parties will be given.

Supt. Hurd of the Janesville Street Railway, is making quite extensive improvements in the road bed and trolley poles. A great number of old poles are being replaced by new ones and the old ones cut up and used for ties. Three or four first-class ties can be made of a pole as most of them are sound above the surface of the ground.

Mr. and Mrs. Charles A. Mugleton have returned home from their outing at Lake Kegonsa.

Mrs. G. H. Rumrill and daughter, Miss Nellie, leave tomorrow for an extended eastern trip. They will go by way of the lakes and will visit Montreal and other places of interest, including Buffalo. They will be absent about three weeks.

A weary horse, worn out with the hauling of heavy loads day after day, lay down in his harness on Milton avenue last evening and bore the abuse of his owner for about an hour before he consented to rise and continue on his way. Indignant spectators threatened to report the man to the Humane socley.

A detailed account of the accidental shooting and death of Hallie Lane, son of Mrs. Dr. Mary Lane Mansur, formerly of this city, has been received. Two young boys wer out shooting doves and Hallie's companion, a boy named Clarence Voohers, got out of the buggy they were in and walked ahead, and when the doves drose, fired, scaring the horse. Young Lane was in the buggy, with his gun between his knees, and the rearing of the horse is supposed to have moved his feet onto the hammer, and exploding the gun. He lived about ten minutes after the accident. The charge of shot struck his breast, making a hole about two inches square and tearing away the left auricle of the heart.

To the subscribers of the Rock County Telephone Co.: Until the Jackman block is completed we cannot give as good service to our subscribers as we would like to. The noise made by the workmen makes it almost impossible to hear through the 'phone at times, and the dust causes trouble in our switch board. Many of our wires and cables have had to be cut and brought into the building from another side; the removal of the buildings from the site of the new public library has also made us a great deal of trouble. We hope our friends will be lenient with us until the building is completed and we have removed to our new office. Rock Co. Telephone Co.

NEWS OF A PERSONAL NATURE

Mr. and Mrs. Con. McDonald are away for a two-weeks trip in Michigan.

Dean E. M. McGinnity leaves Thursday for an extended visit to the Pan-American exposition at Buffalo.

Robert B. Hill is home after an extended visit at Traverse City, Michigan, where he was called by the death of an uncle.

Manager P. L. Myers of the Myers Grand opera house, and his bride, are in the city, receiving congratulations from their friends.

Mrs. M. C. Stoddard is home from Wellsville, New York, where she was called some weeks ago by the death of her aged mother, who was 86 years old.

Sheriff Maltpress is expected home from Watertown, S. Dak. with Kirkpatrick, the young man who is supposed to be the one that went through Dr. Mills' safe, some time tomorrow morning.

J. L. Bear of this city, F. F. Livermore of Beloit, and L. E. Gettle of Edgerton, committee on equalization for the county board of supervisors of Rock county, went to Madison today to visit the tax commission. They will attempt to get the equalization of the county for the state taxes cut down.

DANCING PARTY AT GOLF CLUB HOUSE

One of the Most Brilliant Social Events of the Summer Season Held Last Night.

One of the most brilliant social events of the summer season was the dancing party given last evening by Mr. and Mrs. David Holmes at the golf club house. In honor of the Misses Sawyer, of Evanston, Ill., who are guests of Mr. and Mrs. Holmes, about forty young people of this city enjoyed an evening of rare pleasure.

In the early evening the party of young people made their merry way to the golf links by means of the street cars and carryalls. They found the club house gaily decorated for their reception and certainly the picturesque building never presented a more attractive picture to the appreciative eyes. From the edge of the roof large Japanese lanterns were suspended, shedding a soft light on the broad porch which is always a favorite retreat for those who frequent the club house.

The interior of the club house was no less attractive. In one corner stood the frappe bowl beneath an artistic arrangement of Japanese lanterns hanging pendant from a Japanese umbrella. It was quaintly effective. Great bunches of sunflowers, other blossoms and ferns were used in profusion. The great fireplace was banked with the spectacular beauty of the big eyed flowers and they added much to the artistic setting for the party. Cosy corners added their enticing comfort to the scene and when the daintily gowned young ladies and their escorts stepped into the effective frame prepared for them, the picture was an ever changing one that was well worth seeing.

From 8 o'clock until the mystic hour of midnight the graceful figures moved swiftly through the measures of the dance. Roy Carter's music lent inspiration to the flying feet and under his talented fingers the piano kept sounding forth an invitation which few lovers of dancing could resist.

At about 11 o'clock a buffet luncheon was served and the delicious refreshments were all the more appetizing because of the informal manner in which they were served. Indeed, the entire party was characterized by a delightful informality and when at midnight the jolly crowd of merrymakers took the carryalls for home, they left the scene of their pleasures with reluctance and with gratitude to their host and hostess for the charming manner in which they had been entertained and for the pleasure of meeting the two young ladies who were guests of honor.

YOU HEAR OF THEM EVERYWHERE.

NEWS OF THE COUNTY

(Continued From Page 2.)

to her home in Milton Wednesday.

The ball game at Darien Saturday between Richmond and Sharon was a sort of disappointment to the spectators as the ball teams got into a wrangle and ceased playing before the game was at an end.

News has been received announcing the marriage of John Claxton and Mrs. Anna Donaldson both of Dresbach, Minnesota. The happy event occurred at that place August 1, 1901. John's many friends here extend hearty congratulations.

One day last week while Williamson's threshing machine was at work, the cylinder broke, a portion of it going into the air and taking a portion of Pat Carey's hat with it. Evidently there was not grain enough to be threshed to be thresh so Carey had to atone for the deficiency.

On Tuesday of last week Michael Connelly well known to people here, reached that silent haven of all the dead, and where the voyage of every life must end. The decedent had been ill but a couple of days, and as his condition was not apparently dangerous, his death was a surprise to many. He was found dead in his room at Mr Schmidt's Hotel, Whitewater. The funeral was held from St. Patrick's church in Whitewater, Rev. Reilly officiating. and the interment was in the Catholic cemetery.

CLINTON.

Clinton, Aug. 12.—Mrs. Goodrich, one of the missionaries rescued from the Peking, China, massacre, who has been speaking at several places around was in town recently visiting her cousin, Mrs. Montazire.

The ice cream social held on the school house / lawn last Tuesday evening proved to be a very pleasant affair . The grounds were illuminated with torch lights and lanterns. A large awning added to the pleasure of the young ones. Cake and ice cream was served from which $17.75 was realized which was presented to Rev. Wm. Moore for his work in holding religious services during the past several months in the school house.

Miss Cora Simmons and her friend Mis Ida Wyman, of Beloit, met with an accident Thursday evening. They started to attend the ice cream social, but the horse in some way fell breaking one of the straps.

Considerable interest is being taken in the coming ball game that is to be played here August 15. between the Nebraska Indians and a team composed of threee good men from the Beloit nine who assisted the home team.

Our village fathers have purchased a new Lewis Gasoline engine to work at the city well. J. Thompson of Beloit furnished the engine and will put it up ready for use.

The missionary festival will take place at the German Luthern church Sunday, Aug. 18. Rev. J. A. Schert of Sharon Rev. H. Woltman of Beloit and Rev. G. Bertnam of Crystal Lake will participate in the services.

The Woman's Missionary Union meets Friday, Aug. 19 at Mr. Solon Coopers. Tea will be served after the program to which all are invited.

Mrs. T. W. Tuttle visited in Sharo Saturday afternoon

Kodol Digests what you Eat

Dyspepsia Cure

You might as well put fuel under a boiler without burning it and expect the engine to run, as to eat food and not digest it and expect to keep up nourishment for your body. You must have nourishment to live and when you cannot digest your food, KODOL DYSPEPSIA CURE will do it for you, with no aid whatever from the stomach. It contains exactly the same elements as Nature's digestive fluids and can't help but produce the same results.—David Taylor, Blind Ridge, Pa., writes:—"I have been afflicted for a number of years with dyspepsia and have tried various remedies without good results but was cured by one bottle of KODOL DYSPEPSIA CURE. I cannot say too much in its favor."

It can't help but do you good

Prepared by E. O. DeWitt & Co., Chicago. The $1. bottle contains 2½ times the 50c. size.

When you need a soothing and healing application for piles, sores and skin diseases, use **DeWitt's Witch Hazel SALVE.** Beware of counterfeits.

AMOUNT LEVIED FOR TAXES, $97,175

CITY HALL CONTRACT ACCEPTED OVER MAYOR'S VETO.

Reports from City Officials Received by the Common Council at a Meeting Held Last Evening—The Usual Batch of Bills Passed—Details of the Session.

President Gilkey presided at the adjourned meeting of the common council held last evening, Mayor Richardson being out of the city on his vacation.

Several important matters were taken up and disposed of during the evening among them being the annual tax levy and the ratification of the city hall contract with James Rawson & Sons, of Iowa City, Ia., which Mayor Richardson returned unsigned. The mayor's communication was received and placed on file and the president instructed to sign the contract.

The amount levied for taxes to keep the city going for another year is $97,175.

The reports of the city treasurer, municipal judge, assessors and assistant street commissioner were received and approved by their proper committees and later received and placed on file.

The application of a number of residents of the city near the corner of Racine and Glen Etta streets asking that a fire alarm box be located at that corner was referred to the fire and water committee who asked for more time to consider it.

The city clerk was instructed to open the bids for the construction of the storm sewer on Washington street from Magnolia avenue to the Mole culvert. But one bid was received. Shearer and Peters agreeing to do the work for $350 per foot. The matter was referred to the highway committee who later reported favorably and instructed the city clerk to close the contract with Sherer and Peters for the work.

Ald. Judd wanted to know before this contract was let whether it was to be paid for out of the general or First ward fund. For some reason all the members of the council were ignorant of the terms of the agreement, but a motion finaly prevailed that the work be paid for out of the First ward fund.

The annual batch of bills were approved by the finance committee and the clerk was instructed to draw orders on the treasurer for the same. The assessment rolls for 1901 were accepted and approved and the clerk was instructed to get out the tax roll.

The city treasurer was instructed to borow $3,000 and place it to the credit of the school fund. The license fee of the street railway company was credited to the general fund and the sum of $23.50 was ordered paid to Rock county as its share of the fees.

The amount of the tax levy for 1901 was reported at $97,175, divided as follows:

School fund	$ 30,000.00
Memorial Day fund	75.00
General fund	18,000.00
Fire and water fund	11,500.00
Library fund	3,000.00
Lighting fund	13,000.00
Bonded debt fund	5,100.00
Bridge fund	4,000.00
Judgment fund	1,000.00
Total	$ 83,675.00
First ward fund	$ 3,500.00
Second ward fund	1,500.00
Third ward fund	4,000.00
Fourth ward fund	2,500.00
Fifth ward fund	2,000.00
	$13,500.00
Total	$97,175.00

The bill of Eugene Fish amounting to $40 for work done around the stone crusher was ordered paid.

The bond of A. W. Rush & Co., and E. A. Rush, of Grand Rapids, Mich, architects of the city hall building, was reported in due form and the sureties good and placed on file.

The curb line on McKey boulevard as established by the city engineer was adopted. The amounts due for work on Court street under the Martin contract were ordered paid out of the general fund.

The report of the assistant street commissioner of the sidewalks necessary to be built and of those built by him was received. The clerk was instructed to serve notices on those who had bad walks to build at once and to charge the expense of those already built to the property.

The amounts due for the improvement of Dodge and Pleasant street was ordered charged to the abutting property. A list of the amounts due is at the clerk's office.

The report of City Light Inspector Kline was received and read. He made a lengthy report of the tests he had made of lamps in various parts of the city at different times and also of lamps that were out from one to four hours on different nights during the month of July. The light at the corner of Main and Milwaukee street was tested for an hour during the night of July first and only twice during that time did it reach forty-eight volts, the required number. Most of the time it was around twenty-five volts. On other nights other lights made a better showing. The city electrician was instructed to figure out the time the lights were out that he reported and the clerk was instructed to deduct them from the next bill.

The city clerk was instructed to draw an order for $100 in favor of Mrs. Mertie C. Powell in full of all claims against the city for injuries sustained by falling on a defective sidewalk.

James Sheridan and others were given permission to construct a six inch sewer back of their buildings on West Milwaukee street to connect with a sewer in the rear of the Fredendall building.

On motion of Ald. Fifield the president of the council, as acting mayor, was instructed to sign the contract with James Rawson & Son for the construction of the city hall.

Ald. Fifield presented a resolution which was adopted irecting the building committee to employ some suitable person as an inspector for the work of constructing the city hall at any time that two or more of its members shall deem advisable.

Ald. Judd presented a resolution asking that the name of Williams street in the Third ward be changed to Monroe street on account of a street in the First ward being named William street. The similarity created confusion.

The owners of lots 29 to 33 in Riverview park addition were ordered to build new sidewalks. The street commissioner was ordered to repair Glen street, Prospect avenue, Walker street and Garfield avenue in the Third ward.

An order directing the city attorney to appeal the case of Ann E. Davey to the supreme court was presented and brought out considerable discussion. Ald. Judd thought it was a waste of money to appeal the case. City Attorney Burpee was confient tha the amount of damages could be reduced, so the motion carried.

A new brick cross walk was ordered on Elizabeth street at Washington street.

The city marshal was instructed to enforce the ordinance against the throwing of paper and rubbish in the streets.

The Janesville Barb Wire Co., J. W. St. John and James Rawson & Sons were allowed to use portions of the street adjacent to their work for storing building material.

The street commissioner was instructed to repair St. Mary's avenue in the Second ward.

Chinaman Held for Murder.

Vancouver, B. C., Aug. 13.—A Chinese gambler named Ah Wooey was committed for trial for the murder of four Chinese who were hacked to death with an ax by Quong, another Chinese, last month. A third Chinaman says he heard Wooey and Quong discussing the [illegible] of the murder.

SPARKS FROM THE WIRES

Bomb Thrown in a Church.

Paris, Aug. 13.—A bomb was exploded near the altar of the Church of St. Nizier at Troyes, doing considerable damage to the thirteenth century windows, but not injuring any of the hundred children, who, together with a priest, were in the sacred edifice at the time. A Spaniard has been arrested on suspicion of being the author of the outrage.

Wessels Not Shot by Boers.

London, Aug. 13.—Lord Kitchener has cabled a confirmation of the report of the release of the peace envoy, Andries Wessels, who was said to have been shot.

Wessels was a prisoner in Gen. Cellier's laager, near Kaalfontein, which the British recently surprised and captured.

Heavy Rains in India.

London, Aug. 13.—The viceroy of India, Lord Curzon of Kedlestone, reports that the crop prospects have been much improved by a heavy rain in Bombay presidency and that the government is considering the advisability of reducing somewhat the famine relief.

King's Cooks on Strike.

Madrid, Aug. 13.—The general feeling of discontent prevailing here has reached the royal kitchen and the principal chef and five cooks at the king's palace have gone out on strike.

Many Villages Burned.

St. Petersburg, Aug. 13.—Extensive forest fires are raging in three districts of the government of Nijni, Novgorod, Central Russia, and several villages have been destroyed.

Sultan Yields to France.

Paris, Aug. 13.—The Temps publishes a dispatch from Constantinople to the effect that the sultan, while promising satisfaction to M. Constans, the French ambassador to Turkey, in regard to the claims of the Quays company to the docks, maintains his decision in regard to the right of Turkey to purchase the concession.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of *Mother's Friend* before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This liniment is the grandest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. *Mother's Friend* equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breasts is altogether avoided, and recovery is merely a matter of a few days.

Druggists sell Mother's Friend for $1 a bottle.

The Bradfield Regulator Co., Atlanta, Ga.

Send for our free illustrated book.

Don't Hesitate.

There is just one thing to use if your stomach is "out of order" and that "one thing" is Dr. Pierce's Golden Medical Discovery. The supposition is that you want a prompt cure and a lasting cure. That is why the "Discovery" is recommended as the one thing for your condition. It cures promptly, perfectly and permanently, diseases of the stomach and organs of digestion and nutrition. It's sure to help. It's almost sure to cure. It has completely cured ninety-eight per cent. of all those who have given it a fair and faithful trial.

"About ten years ago I began to have trouble with my stomach," writes Mr. Wm. Connolly, of 535 Walnut St., Lorain, Ohio. "It got so bad that I had to lay off quite often two and three days in a week, my stomach would bloat, and I would belch up gas, and was in awful distress at such times. I have been treated by the best doctors in this city but got no help whatever. Some said I had cancer of the stomach, others dyspepsia. I have bought and tried everything I saw advertised for dyspepsia and stomach trouble, but continued to get worse all the time. About twelve months ago I was in such a condition that my friends had some fear about my recovery. It was then I wrote to you for advice. You told me that by my symptoms you thought I had liver complaint and advised the use of 'your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the liver.

Cheap Excursions Colorado

Inquire of local agent about cheap excursion rates to Colorado over the Santa Fe—round trip from Chicago, $25; from St, Louis, $21.

Costs a little more than at home, and you can keep cool.

The Rockies of Colorado are just the place for a delightful summer outing.

ANTE-NUPTIAL PARTY

Friends of Miss Mate Kirk, Who Will Be Married Tomorruw Evening, Celebrate in Her Honor.

A unique ante-nuptial party in honor of Miss Mate Kirk, whose marriage to George W. Williamson is to be solemnized tomorrow evening, was given by her friend, Miss Emma Tole, last evening. Although Miss Tole issued her invitations for a 5:30 o'clock tea there was a secret understanding among the guests that the affair was to be a tin shower for the prospective bride and as the guests assembled at the pleasant home, 264 Prospect avenue, they smuggled into the house queer shaped packages that were kept out of sight of the guest of honor.

The party was novel in many ways. The long dining table at which the supper was served bore the customary beautiful burden of flowers, and sweet-breathed blossoms were used profusely throughout the house. At each plate, however, there was a neat and appropriate souvenir, a tin spoon, to which was attached by ribbons a card. Each card bore in writing some well known characteristic of the person that was to occupy the place at which it was laid and each person found their own place at the table by admitting the charge made on the dainty card. It was a clever idea and occasioned a great deal of merriment. Some sprays of sweet peas also lay at each plate and added to the dainty and pretty effect.

When every guest had found her proper place at the table, all joined heartily in the enjoyment of the elegant supper which had been prepared for them and which was faultlessly served. The menu was an elaborate one and added relish was given to its enjoyment by the bright and happy conversation which accompanied its service.

After supper, Miss Kirk, the guest of honor, was decoyed out of the room and the guests brought out the queer shaped package and undid the wrappings. Various articles of tin ware were revealed and when Miss Kirk again entered the room she was greeted with a grand chorus made by every guest beating upon her gift for Miss Kirk with the tin spoon which she had received at the table. As Miss Kirk stood still in surprise, the shower of tin ware fell around her and then, for the first time, she realized the nature of the event. If the tin ware suffered various dents by the treatment which it received, it will be none the less highly prized by its owner.

The balance of the evening was spent merrily, with various games which began appropriately with the old-fashioned and almost forgotten one of "tin-tin." The occasion was one of great pleasure and those who enjoyed Miss Tole's hospitality were Mesdames Mary Kirk, L. J. Kinney, and Ed. Nelthorpe and Misses Mate Kirk, May Clark, Sarah Kirk, Grace Kirk, Matella Calkins, Fannie Clark, Mabel Bent, Louise Hanson and Clara Hanson.

HOLD FUNERAL OF ELIZABETH R. COX

Impressive Services Held This Morning in Chapel of Trinity Church—Burial This Afternoon.

Impresive services were held today in memory of the late Mrs. Elizabeth Ray Cox. This morning at 7:30 o'clock Rev. J. A. M. Richey conducted a service in commemoration of the departed in the chapel of Trinity church of which the deceased was for many years a loyal member. The bereaved family and several intimate friends were present at the service. This afternoon at 2 o'clock the funeral services were held and the Trinity church contained many sorrowing friends of the family when Rev. Richey met the funeral party at the door of the church and the procession moved slowly up the isle to the music of "Jesus, Lover of My Soul," sung by the full vestured choir of the church This was followed by the burial chant, impressively rendered by the choir, after which Rev. Richey conducted the church services. The beautiful Episcopal service came to a close with the singing of "Nunc Dimittus," the singers being on their knees, after which the choir sang "Asleep in Jesus," while the funeral procession moved from the church. The choir accompanied the funeral party to the grave and sang "When Our Heads are Bowed With Sorrow," after Rev. Richey read the committal. The pall bearers were J. A. Denniston, A. McDougal, A. Kolle, John Stevens, J. H. Ball and Philip Knippenberg.

Thinks Abasement Unnecessary.

Bishop Courtney of Halifax, N. S., recently knocked off the hat of a man in the street who failed to take it off when a band played "God Save the King." At first the man was inclined to prosecute the bishop, but finally contented himself with writing a letter to the Halifax Herald, saying that while he yielded in loyalty to no man he did not deem it necessary to remove his hat when on the street every time he happened to hear the national anthem. Public opinion in Halifax appears to be against the bishop.

Odd Names of Towns.

The following towns in Pennsylvania are enumerated in the twelfth census: Jersey Shore, Loyal Sock, Nippenose, Picture Rocks, Wolf, Cherrytree, Cornplanter, Scrub Grass, Victory, Twilight, Parnassus, Freedom, Paradise, Red Lion, Moon, Slippery Rock, Daisy Town, Scalp Level, Snow Shoe, Popcopson, Licking, Paint, Chest, Fox, Bald Eagle, Oil Creek, Woodcock, Rush, Andy, Fair Chance, Warrior's Mark, Wampum, Jeddo, Shickshinny, Warrior Run, Eden, Four Coons, Lively Town, Mushroom and Peach.

GOMEZ NOT A CANDIDATE.

Declares That Cubans Should Elect Palma to the Presidency.

Havana, Aug. 13.—The local committee of one of the Havana wards recently named General Maximo Gomez as its candidate for President and Estrada Palma for vice-president. General Gomez has written to the committee saying that he has irrevocably decided not to accept any nomination for the office. He adds:

"I believe the two best fitted for president and vice-president are Palma and Masso. Let all Cubans unite on this important matter, and they will have a strong government worthy of Cuba and most fitted to deal with external relations, which in a republic like Cuba will have to be constituted." An effort is being made by a number of the most representative leaders of the revolution to make Palma the unanimous candidate for the presidency. So far it is claimed that Masso refuses to resign in favor of Palma. A delegate says that the practical effect of the election law will be that the senate will consist entirely of radicals, for although the law recognizes the minority, this will be of no effect, because the senatorial electors elected by majorities will outnumber those elected by minorities by two to one, and as each elector can vote for the full number of senators, these will all be elected by electors representing majorities.

STRIKES LEDGE IN A FOG.

Plant Line Steamer Beached While Entering Boston Harbor.

Boston, Mass., Aug. 13.—The Plant line steamer Halifax, Captain Pye, from Charlottetown, Port Hawkesbury, and Halifax, N. S., struck a ledge off Minot's light while coming into port in a thick fog. She freed herself, however, and was beached in a sinking condition. Tugs which were sent to her aid have reached here with passengers from the stranded steamer, including the famous scullers, McGuire, Whitehead and Wray, and members of the Philadelphia cricket team. An officer of the vessel says that the Halifax struck about 5 o'clock a. m. during an impenetrable fog. By her own efforts the vessel floated as the tide rose. Her fore compartments were full of water, and Captain Pye decided to beach the craft, which he did on George's island. The Halifax carried 250 passengers and a cargo of miscellaneous freight. There was little or nor excitement among the passengers. The steamer is in an easy position, and is believed to be in little danger of further damage unless a northeastern storm should set in The steamer left Halifax last Saturday night and was due here to-day. The Halifax is a steel-screw steamer, sailing under British registry. She is 250.3 feet long, 35 feet beam and 21.5 feet deep. Her tonnage is 958. She was built at Glasgow in 1888.

Strikes Ledge and Sinks.

Halifax, N. S., Aug. 13.—The captain and part of the crew of the 2,000-ton barkentine Priscilla have landed at Cape Sable, reporting that the vessel struck a ledge off Barington last night. A boat containing fourteen men is missing. The Priscilla was bound from England for New York with a cargo of chalk.

MORGAN AS LAY DELEGATE.

Financier May Attend Episcopal Council in San Francisco.

San Francisco, Cal., Aug. 13.—J. Pierpont Morgan is to be a temporary resident of San Francisco soon. His agents have practically concluded a lease, it is said, of the old Charles Crocker mansion, on the northwest corner of California and Taylor streets. The cause of his coming to this city is the Episcopal triennial council, which begins Oct. 2, and in which Mr. Morgan will probably serve as a lay delegate, as he has done at previous councils.

Mr. Morgan's daughter, now in Colorado, hunting wild game, is expected to join her father and mother here during their stay.

The Crocker mansion is one of the most imposing of the edifices erected on Nob hill by the California money kings. It contains a splendid art gallery.

It Broke Up the Meeting.

Atlanta, Ga., Aug. 13.—A special from Jackson, Miss., to the Constitution says: "In Tunica county John Littlejohn, a deacon in a negro church, was engaged in prayer at a revival service when he was shot and instantly killed by a member of the church named Charles Jones. In the confusion that followed Jones was stabbed and killed by Samuel Jackson, and this broke up the meeting.

Killed on Elevated Tracks.

Chicago, Aug. 13.—James White, a painter employed by the Metropolitan Elevated Railroad company, was instantly killed while working on the structure at Sacramento avenue. It is believed that White attempted to cross the tracks, but stumbled and fell. His right arm touched the third rail and he was electrocuted.

Hatmakers Forming Trust.

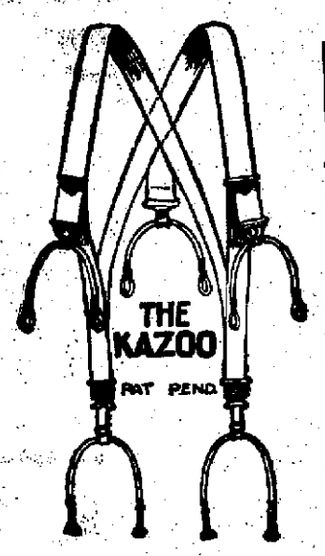

New York, Aug. 13.—Efforts are being made here to form a hat manufacturers' trust and it is said articles of incorporation will be filed by those interested in the project within a few days. About twenty of the leading manufacturers of the United States are expected to enter the combine.

August Koehn of Vincennes, Ind., has filed a damage suit for $10,000 against Eugene Hack and Anton Lemen, wealthy brewers, for alleged injuries sustained while in the firm's employ.

The Kazoo

is simply a Hose Supporter and Suspender combined; so arranged that the strain is equal back and front, thereby avoiding the suspender slipping off the shoulder or drawing up behind, or down in front, thus it can be used either as a supporter or a suspender. The hose attached is adjusted by a slide and a snap loop, thereby avoiding the necessity of adjusting the hose each time the boy dresses.

The Kazoo

Simply place the fastenings on the hose at the desired points, then leave them thus placed till the hose are changed, merely detaching from the suspender part as shown in cut of boy dressing.

They are made in sizes from 4 to 14. Price 50 cents and 75 cents according to quality. The Kazoo will outwear a half dozen pair of ordinary supporters.

T. J. ZIEGLER,

We make Shirts To Order.....

E. J. SMITH, Manager.

Largest Clothing Stock in Southern Wisconsin

Another Cut In Prices On Oxfords

OUR SALE on high grade oxfords at 98 cents has been large, but in order to close them out in the next 2 weeks, we have again cut the price to only 50c.

Come now while we have your size, as you certainly can not always expect to get these bargains

THEN WE HAVE MADE ANOTHER LOT THAT we have been getting more for and have cut the price to..... 98c.

We have our bargain table full of shoes and oxfords. Pointed toes, that if you can get your fit your choice 35c or two pairs for 50c

Special cut prices on up-to-date Oxfords to close them out to make room for our fall stock

MAYNARD SHOE CO.,
Successors to C. C. BENNETT SHOE CO.
